

<p style="text-align: center;">Science - Types of materials.</p> <p>Materials are the matter or substance that objects are made from. We use a wide range of different materials daily.</p> <p>Wood Plastic Glass Paper Metal Fabric</p> 	<p style="text-align: center;">English:- 3 Little Pigs</p> <p>Can you retell the story? Do you know the words that keep repeating? What materials did they use to build their houses?</p> 	
<p style="text-align: center;">Features of Materials vocabulary.</p> <p>Bendy - It can be reshaped. Rough - It has an uneven surface. Smooth - It has a flat surface. Solid - It keeps its shape.</p>	<p style="text-align: center;">ART and DT</p> <p>We are going to be looking at books that have parts that move. Then we are going to have a go at making hinges, flaps, levers and wheels. We will also practice joining materials in different ways.</p> 	<p style="text-align: center;">PSHE & RSE</p> <p>The topic is Being Me in My World and we will be looking at how to feel safe and that they belong to their class. Then what choices we have and how to make good ones so that we can feel proud of ourselves.</p>
<p style="text-align: center;">Geography & Science:- Seasons</p> <p>To observe and describe weather associated with the seasons and how day length varies.</p>
