That we celebrate certain things that happened in the past.  
That objects are made of different things.  
That some animals live in hot or cold places

material  
properties  
sorting  
man made  
natural

What will I know by the end of the unit?

Why events in History are still celebrated today

A good understanding of History means we can appreciate that when events took place they were of great importance - even though they were a long time before our lifetimes.

firefighter  
danger  
equipment  
London  
weather

The changes that have happened because of historical events.

An event in London in 1666 caused the fire service we know today to be created.

thatch  
wooden  
bakery  
fire hook  
gunpowder  
treason

How animals are in danger because of our actions today.

Global warming is a manmade problem of our world today. It is to blame for the destruction of many habitats including the polar regions.

plot  
global warming  
melting  
prey  
explorer
